

HOUSE RULES

1. Make friends before you need them!

The road of life is long, friends make this journey fun and easier. Be **friendly, sociable** and a **responsible** co-resident / world citizen. Treat your fellow residents and the HITC staff as you would like to be treated i.e. kindly and with **respect**. Follow the instructions of staff- they are here to make your stay comfortable.

2. Follow the prescribed health, safety and **hygiene protocols** and do sanitize/wash your hands regularly - you should anyway be doing this!
3. We love to have your friends and batchmates / colleagues visit; however residential areas are strictly open only to residents.
4. Put all litter and garbage into the bins - messy rooms will attract vermin. Remember to segregate your waste!
5. Be mindful of HITC being a shared space- keep the volume down. 10 PM to 7 AM are quiet hours, use your earphones!
6. Turn off the lights and fans when you leave a room. Little things go a long way for the environment! For **safety** reasons, NO high wattage devices (ex. irons, heaters, induction cookers) to be used in rooms.
7. Use common areas respectfully and leave them like you would like to find them i.e. **neat, clean** and dry. Save us all the uncomfortable conversation of telling you to be cleaner!
8. A lot of thought and effort has gone into doing up your room and the common spaces. You will be charged for any damages. Swap room only when authorized.
9. While you're the master of your own time, please follow the timings of the facility and the **attendance mechanism** for entry and exit. Adhere to this and all other house rules; they are for your safety.
